

**347—120.2(88,89B) Hazard determination.** Procedures for hazard determinations are at rule 347—110.3(88,89B).

**120.2(1)** Employers are not required to evaluate chemicals unless they choose not to rely on the evaluation performed by the chemical manufacturer or importer for the chemical.

**120.2(2)** The written procedures describing the procedures used to determine the hazards of the chemical prepared by the chemical manufacturers, importers, or employers are to be made available, upon request, to employees, their designated representatives, and the commissioner. The written description may be incorporated into the written hazard communication program required under rule 120.3(88,89B).
